**Career NCO Degree, Enlisted Education Program**

**DEGREE OBJECTIVE** — The purpose of this degree is to obtain proficiency in business and administration, in order both to enhance a soldier's military proficiency and to provide the academic foundation for transfer to a bachelor's degree program at a four-year institution. This program is designed for military students to allow the maximum credit in military experience (up to 40 semester hours) and to provide the quickest pathway to an associate degree. It will transfer 100% into several select bachelor degree programs.

The **Career NCO Degrees Program**, part of the U.S. Army Training and Doctrine Command's (TRADOC) College of the American Soldier, is designed to expand existing civilian education choices for NCOs to provide them with degree options that will enhance their leadership capabilities while maximizing college credit granted for military experience and NCO training. Business- and management-related degrees designated as ""Career NCO Degrees"" support TRADOC's pentathlete concept (leadership, supervision, management, and project management skills).

The **Enlisted Education Program**, part of the U.S. Army Training and Doctrine Command's (TRADOC) College of the American Soldier, is designed to expand existing civilian education choices for entry-level Soldiers in CMFs 11 Infantry, 13 Field Artillery, 14 Air Defense Artillery, and 19 Armor to provide them with degree options that will maximize college credit granted for military experience and NCO training. Associate degrees designated as "Enlisted Education Program" support TRADOC's pentathlete concept (leadership, supervision, management, and project management skills).
